RE: Safety of children in the community

It has been called to management's attention that parents are parking too close to the stop signs at the intersections when waiting for and/or picking up children at the school bus stops.

This is causing a safety issue for those driving in the community at the time the bus drops off and picks up the children.

For the safety of all in the community, please ensure that your vehicle is not interfering with vehicles entering or exiting the courts while you are dropping off or picking up your children.

Please be sure to share this information with anyone you may have arranged to bring or pick up your children, as well.

Thank you in advance for your cooperation.
